WILL ROGERS ELEMENTARY TO HOST MULTICULTURE NIGHT IN FEBRUARY

Will Rogers Elementary School is planning a Multicultural Night on Thursday February 12th from 5:30pm to 7pm. They are currently looking for group performances to showcase cultures from around the world. If you and a group of your friends have a performance you are interested in sharing please contact Trisha Chaparala Iyonsi at trisha.iyonsi@okstate.edu. This is a great way to share your culture with local Stillwater children.

Scam Alert

Oklahoma State University Police have been notified by the FBI of two scams targeting university students and employees. Both warnings originate from the FBI’s Internet Crime Complaint Center or iC3.

Scam Targeting University Students
college students across the United States have been targeted to participate in work-from-home scams. Students have been receiving e-mails to their school accounts recruiting them for payroll and/or human resource positions with fictitious companies. The “position” simply requires the student to provide his/her bank account number to receive a deposit and then transfer a portion of the funds to another bank account. Unbeknownst to the student, the other account is involved in the scam that the student has now helped perpetrate. The funds the student receives and is directed elsewhere have been stolen by cyber criminals. Participating in the scam is a crime and could lead to the student’s bank account being closed due to fraudulent activity or federal charges. For more information visit http://www.ic3.gov/media/2015/150113-1.aspx

University Employee Payroll Scam
University employees are receiving fraudulent e-mails indicating a change in their human resource status. The e-mail contains a link directing the employee to login to their human resources website to identify this change. The website provided appears very similar to the legitimate site in an effort to steal the employee’s credentials. Once the employee enters his/her login information, the scammer takes that information and signs into the employee’s official human resources account to change the employee’s direct deposit information. This redirects the employee’s paycheck to the bank account of another individual involved in the scam. For more information visit http://www.ic3.gov/media/2015/150113-2.aspx.

According to the FBI, internet crime schemes steal millions of dollars each year. If you feel you have been a victim of this crime or have information please go to www.ic3.gov to file a complaint or for additional information.
