SEVERE WEATHER INFORMATION

As you can see from this Wednesday’s storms, weather in Oklahoma can change suddenly and be quite severe! To learn more about how to be safe in severe weather situations, visit the National Oceanic and Atmospheric Association’s (NOAA) weather safety website. You can find a list of on-campus severe weather refuge locations on the Campus Safety website, as well as tips for staying safe.

When storms move into the area, keep up with the weather by following the meteorologists on the local T.V. stations from Oklahoma City and Tulsa. You can also stay informed with a weather radio, which only broadcasts weather reports.

Stay safe!
